Media Release

IPC Powerlifting Open European Champs Under Way

The 6th IPC Powerlifting Open European Championships are under way in Piestany, Slovakia. Approximately 115 athletes from 38 countries are participating in the competitions open to lifters with physical disabilities. The venue used, the City Sport Hall of Piestany, also hosted the 1997 IPC Powerlifting Open European Championships.

Pol Wautermartens, IPC Chairperson Powerlifting, says: "The competitions are running smoothly. Despite high temperatures at the venue, we already have one new world record and several European records set."

The Championships, which began on 30 July, will continue until 3 August, when the Closing Ceremony will take place directly after the last medal ceremony of the +100kg category.

Powerlifters compete in 10 different categories according to body weight (48kg, 52kg, 56kg, 60kg, 67.50kg, 75kg, 82.50kg, 90kg, 100kg and +100kg). The first Paralympic Powerlifting competitions took place at the Tokyo 1964 Paralympic Games with male participants only. Female powerlifters participated for the first time in Sydney in 2000. The sport is currently practiced in 105 countries worldwide.
